

# Living in the love of the Father

A discussion with Peter Steicke

Peter was a pastor with the Lutheran Church from 1984 to 2009, serving in south-western Sydney and then at Para Vista in Adelaide, where he was privileged to lead a wonderful team as senior pastor.

Since then he says his mission is simply to walk in the love of the Father and give it away so all people may cherish his grace and extend his glory. Everything starts with people knowing how incredibly loved they are. The acceptance we already have because of Jesus gives us a new identity as sons and daughters of a perfectly loving heavenly Father. The love of the Father changes everything, and nothing changes without his love. The outflow of this love pervades all areas of life.

Peter has written two books: *Favoured* and *Suddenly*. For more details visit his website: Incredibly Loved.
